

Dear Supporter of Sarasota County History:

Founded in the early 2000s, the History & Preservation Coalition (HPCSC) is a group of non-profit organizations and government agencies in Sarasota County, which are committed to historic preservation and education. We are seeking like-minded organizations so that we may have a fuller understanding of who is preserving history in the county.

As you may be aware, Sarasota County turns 100 in 2021. The HPCSC is measuring the health of preserving history in Sarasota County in preparation for the centennial. We currently have no definitive list and it will be important to know who is preserving and telling our history, as many will want to participate and learn more.

Included here is a census survey we are asking you to complete. Having this information on which groups are preserving and interpreting history will be a valuable resource for interested folks to find all of us. We invite all sorts of groups who are interested in history to participate: from heritage societies to reenactment groups, to all the local historical societies and local library collections that are out there. We will leave it for you to decide if you contribute to preserving Sarasota County history.

So please take a moment to provide some information on who your organization is, what you do, and how people can find you.

With Warm Regards,

Harry Klinkhamer  
Chair, HPCSC
